14. DESCRIPTION OF AMENDMENT (continued)

a. SPECIAL CONTRACT REQUIREMENTS: SECTION 00815 - WAGE RATES - Please add pages 00815-4 through 00815-7, annotated Amendment No. 0001, attached hereto.

b. TECHNICAL SPECIFICATIONS:

1. Section 01355 ENVIRONMENTAL PROTECTION, Paragraph 3.2.2 entitled "Two Specific Items of Archaeological Interest" - Please delete this paragraph in its entirety and replace it with the following:

"3.2.2 Two Specific Items of Archaeological Interest

Two items of archaeological interest shall be relocated by the Contractor and the selection of these items shall be under the direction of the COR. A large stone, within the project limits, shall be relocated. In addition, a portion of a single railroad rail, located in the northern portion of the project area and approximately 40 feet in length, shall be relocated. The rail with its associated connection plates intact shall be flame-cut beyond the connection plates. These two items shall be relocated to the stockpile area on the island. For bid purpose the Contractor shall assume that equipment required to complete the required work in this contract shall be sufficient to relocate the items."

2. Section 02215 GEOTEXTILE, Paragraph 3.3.1 entitled "Protection of Geotextile" - Please delete this paragraph in its entirety and replace it with the following:

"3.3.1 Protection of Geotextile

The geotextile shall be protected at all times during construction. Any damage to the geotextile during its installation or during placement of stone shall be repaired or replaced by the Contractor at no additional cost to the Government. **The work shall be scheduled so that the majority of the geotextile is covered by the constructed cross section on the same day that the geotextile is placed. If the cross section is greater than 4 feet in height, at least 4 feet in height of the cross section shall be constructed on the same day that the geotextile is placed.** Failure to comply shall require replacement of the geotextile. The geotextile shall be protected from damage due to the placement of stone. This shall be accomplished by limiting the height of drop of materials to no greater than 1-foot. In no case shall any type of equipment be allowed on the unprotected geotextile. A minimum of 2 feet of stone shall be maintained between construction equipment tires/tracks and the geotextile at all times."

the scope of the classifications listed may be added after
award only as provided in the labor standards contract clauses
(29 CFR 5.5(a)(1)(ii)).

listed under that identifier do not reflect collectively
bargained wage and fringe benefit rates. Other designations
indicate unions whose rates have been determined to be
prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can
be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a
position on a wage determination matter
- * a conformance (additional classification and rate)
ruling

On survey related matters, initial contact, including requests
for summaries of surveys, should be with the Wage and Hour
Regional Office for the area in which the survey was conducted
because those Regional Offices have responsibility for the
Davis-Bacon survey program. If the response from this initial
contact is not satisfactory, then the process described in 2.)
and 3.) should be followed.

With regard to any other matter not yet ripe for the formal
process described here, initial contact should be with the Branch
of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an
interested party (those affected by the action) can request
review and reconsideration from the Wage and Hour Administrator
(See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

The request should be accompanied by a full statement of the
interested party's position and by any information (wage payment
data, project description, area practice material, etc.) that the
requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an
interested party may appeal directly to the Administrative Review
Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

- 4.) All decisions by the Administrative Review Board are final.
